

3RD DECEMBER 2024

Purple Night Romania 2024

An initiative organized by the Romanian Diversity Chamber of Commerce and led by its Real Estate & Accessibility Task Force.

**#PurpleNightRomania #PurpleLightUp #DisabilityAwareness #EUDisabilityRights
#UnitedinDiversity #HireMyStrengths #RDCC**

ROMANIA

A large, modern glass skyscraper is illuminated with vibrant blue light at night. The building's facade is composed of many horizontal glass panels, each reflecting the blue light. The Accenture logo is prominently displayed on the upper left side of the building. The sky is dark, and some trees are visible in the foreground, also bathed in the blue light. The overall scene is a striking display of architectural lighting.

accenture

accenture

The image shows a modern office interior with a large, illuminated 'accenture' logo on a wall. The office has a high ceiling with exposed pipes and various pendant lights. In the foreground, there is a long, light-colored wooden reception desk with a potted plant on it. To the right, there is a curved orange sofa and a small white table with some items on it. The floor is covered with a patterned carpet. The overall lighting is warm and modern.

accenture

The Accenture logo is displayed within a white rectangular box in the bottom right corner of the image. The logo consists of a stylized blue chevron symbol above the word 'accenture' in a lowercase, sans-serif font.

#EUDisabilityRights

“People with disabilities can be our colleagues, clients, partners or members in the communities we serve. People we see or not, we know or not, we understand or not.”

Whether it's about physical, sensory or cognitive deficiencies, innate or developed, the challenges faced by people with disabilities are multiple. The first thing that anyone can do is to support an environment that encourages respect and openness.”
